Core Capital Group Represents Virtual Alert in Sale to GlobalSecure

COLORADO SPRINGS, CO, February 21, 2005 – Core Capital Group announced today that it acted as exclusive advisor to Virtual Alert, Inc. of Sacramento, CA in its sale to GlobalSecure Holdings, Ltd. of Washington, DC.

Virtual Alert offers a comprehensive software platform that enables state and local government organizations to disseminate public health and safety alerts to first responders and other parties including the Department of Homeland Security.

GlobalSecure’s mission is to consolidate companies with homeland security applications into an effective, cohesive, and integrated enterprise. GlobalSecure intends to accelerate the growth of these companies by investing in their production, system, sales, and marketing infrastructure, and using intergovernmental advocacy and government contracting expertise.

“These companies have excellent synergy and we were very pleased to be able to effect this transaction,” said Terry Piddington, Senior Partner of Core Capital Group.

Core Capital Group is a Colorado-based investment banking firm that specializes in mergers, acquisitions, and recapitalizations. They are a partner in the International Network of Merger & Acquisition Partners (IMAP), and together, did \$5.8 billion in transaction volume in 2004.
